

Useful guidelines to get to the venue

You can get from Budapest Airport (Ferihegy 1 and Ferihegy 2) to the hotel and back by the following ways (the Airport is located within the boundary of Budapest, 16 km from the City eastward):

By taxi:

A new taxi operator started operating from Ferihegy. Zóna taxi offers low prices and high quality level of services. At the same time, pre-ordered taxis can be ordered as usual at the airport. Further details on Zóna taxi here. Further information on taxi services:

<http://www.bud.hu/english/transport/taxi>

By minibus:

Similarly to all airports, Budapest Airport also operates a 'shuttle service' called as 'Airport Minibus'. Passengers are taken to the previously requested address by minibuses with eight to eleven seats. Multi-language speaking drivers know Budapest and its traffic, including the simplest and fastest routes, very well. Guests who use the Minibus can get into direct contact with the Airport and might obtain information about the required flights already during of the journey.

By metro and bus:

Budapest Airport is relatively well accessible also by Public Transportation Means. Passengers are taken by a direct bus service from Terminals 1 and 2, called the **Bus 200** to Kőbánya-Kispest metro terminal. The new service from BKV adjusts much better to the passenger traffic at the airport: it is larger so bigger luggage can be transported; it operates more frequently; and it operates for longer hours providing a link between the city and the airport even after midnight and at early dawn. **Bus 93** operates from Terminal 1 to Kőbánya-Kispest Metro Station.

From Station „Kőbánya-Kispest” of M3 „blue” metro line you have to get to Station „Dózsa György út” (you do not have to change line). It takes about 22 minutes. Hotel Helia, the place of the conference is near to this metro station – see routes and maps of Budapest:

<http://www.webmap.hu/bp/>

Public Transportation Means can be used for a fare: the one-way through-ticket costs HUF 230 [260 HUF when buying on the bus from the driver]. For more information about the public transportation of Budapest [see](http://www.bkv.hu) www.bkv.hu.

By car:

The Airport is well accessible by car from any point of Budapest. Ferihegy can be reached in 20 minutes from the City by the „Ferihegy High-Speed Road”. By that high-speed road, separated by string barrier from public traffic, the Airport can be accessed practically unhindered and any obstacle might be expected under extraordinary circumstances only.
